Arriba se muestran todos los controladores de dispositivo en su equipo que NO son de Microsoft, lo que significa que no están contenidos en el sistema operativo Windows, por lo que debería hacer una copia de seguridad de ellos, para restaurarlos posteriormente, en caso de fallo del sistema.

Para más información de un dispositivo, haga clic sobre él, y se mostrará una información detallada en el siguiente cuadro de texto. Para mostrar todos los controladores de su equipo, haga clic en 'Copia de seguridad del controlador/Buscar todos los controladores' en la barra del menú.
